

Anya

Name: Anya
Sex: Female
Age: 14 months
Breed: Staghound x

Anya has been in care now for a couple of weeks and is absolutely delightful. She is fantastic with all dogs although I am not sure about cats.

She sleeps in a crate at night and has had only one accident but she was a bit unwell. She just loves being inside and loves cuddles.

Anya can be a bit strong on the lead but with a bit of training she is getting better. She is still very much a puppy and would be a great family pet although maybe a bit big for little ones as she may knock them over but she would never hurt anyone.

I haven't heard her bark yet either. And she hasn't attempted to jump my fences.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
