

Baby

Name: Baby
Sex: Female
Age: Approx 12 months
Breed: Mixed Breed

Baby was dropped off at the vets as a stray and was in such terrible condition she stayed at the vets for her pound time.

Apart from the fact that she was emaciated, and had obviously had pups, she was so sweet and gentle it was hard not to take her into rescue.

She has fully recovered and obviously has forgotten her horrible start to life because she is an absolute sweetheart.

She has been in care now for about a month and has thrived. She is very playful with the other foster dogs, she is very human orientated, loves her food and is crate trained.

She is just starting to learn the basic commands and because she is very food driven she will be easy to train.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
