## Biddy

Name: Biddy

Sex: Female

**Age: Approx 2 years** 

**Breed:** German Wirehaired pointer x

It's astounding how many nice dogs are abandoned and this girl is another one. We have called her Biddy and at the moment she is still waiting for a permanent home.

She is so sweet and affectionate. She will do anything for a pat and a scratch. She is good to walk on the lead and she isn't boisterous.

She seems to be ok with cats but living with them is a different thing. Biddy is used to sleeping inside, and would love it if this could continue in her new home She is house trained, has basic commands & is good on a lead.

She likes to have a little chat at other dogs, and will growl, but when push comes to shove, her tail is between her leg and she is quite submissive.

Doin

it for the

She is a really doog dog, who needs more than farm fencing to keep her contained.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
