

# Boof

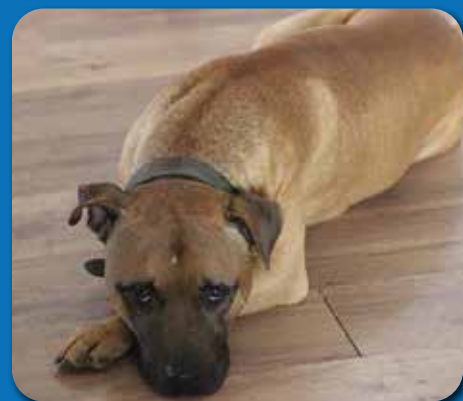

**Name: Boof**  
**Sex: Male**  
**Age: Approx 3 years**  
**Breed: Mastiff x**

Boof came into care in need of care. His head was desperately in need of treatment from a hot spot that had spread across most of his head and down behind his ears. His owner had to leave his home and left the dog with someone else who couldn't care for him. He had to be sedated to be able to clean the wound but he is now almost fully recovered and looking good.

I don't think he had been inside before but he has been inside a couple of times and he is so sweet and quiet. He didn't like the slippery floor to start with but he is ok with that now. He loves his food and has put on quite a bit of weight. He is very sooky and just love cuddles. He walks well on the lead, but not too sure about the car. He has the basic commands and is easy to train as he is very food orientated. He is good with dogs but not sure about cats and he is good with children. He can get a bit snappy with other dogs around tea time so I crate him while getting his tea ready. He is crate trained.

**Adoption Fee: \$350**

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
