

Boston

Name: Boston

Sex: Male

Age: 2.5 years

Breed: Boxer x

Boston was rescued from the pound when his owners did not collect him.

He is currently in foster care with other dogs big and little and has fitted in perfectly from day one. He is quite submissive and gets on very well with everyone.

He is perfectly crate trained and has great manners whilst inside. He really does enjoy his time inside at night with his humans as he really likes to hang out with you.

He is currently living with cats and as his foster Mum I would strongly recommend he not be left unsupervised with a cat at all. Supervised we can't fault him but unsupervised he's really not that good.

Boston is very eager to please so training him has been quite easy he has basic training commands down pat and his recall is very good but we advise that his training continue.

He walks well on a lead and is a very well behaved passenger in the car. He is a loveable goofball who just loves a cuddle and can be very gentle.

He also loves water especially the hose.

Adoption Fee: \$350
