

Brody

Name: Brody
Sex: Male
Age: Est. DOB 03.10.2010
Breed: Wolfhound x Heeler

Brody we thought had gone to his permanent home a couple of years ago but sadly his owners were transferred overseas and although he had all his shots to go with them they had heard bad things of dogs being flown such a long way and got cold feet at the end. So they surrendered him back to us reluctantly.

He has put on a bit of weight and matured since we saw him last but he is still the same boy.

He was living with a family and they loved him and he loved them, kids included so he is in foster with a family with a young girl and he loves her and follows her everywhere.

He is an inside outside boy, house trained, good in the car, walks quite well on the lead.

Brody's recall is pretty good to, and he has all his basic manners and commands.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
