

# Charlie

**Name: Charlie**  
**Sex: Male**  
**Age: Approx 3 years**  
**Breed: Lab Mix**

Charlie is from another pound because his time was up and needed to get out before he was pts. This boy has been in care now for a couple of months and he is the most amazing dog. He has changed so much since being in care and he will make someone a fantastic companion. He is great with other dogs and loves to play with them. He even plays with one of my dogs that is not always dog friendly. He has definitely been an inside dog and had a lot of time put into him. He is house trained and crate trained, he has basic commands. At the moment he is on acres in care and can get out of my fences. A couple of times he has given me a scare because I thought he has taken off up the bush never to be seen again. I have been out calling and calling and he just emerges from the car where the door is open wondering what the fuss is about.

He is so loyal and super friendly with people, his recall is fantastic, and although he does get out of my yard only once has he gone off down the paddock but has come back. He hasn't done it since. He gets crated when I am not home and copes with that well. He is a really great - dog and could go to any home but would love him to go to someone that is home quite a bit and will have him inside.

**Adoption Fee: \$350**

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
