Deisal

Name: Deisal

Sex: Male

Age: Approx 10 Months

Breed: Kelpie x German Shepherd

Deisal came to us from a regional pound and had run out of time. He was so scared he wouldn't come near anyone for days but not once did he show any aggression. It was believed he was tied up to a clothes line most of his life. He is about 10 mths old and we believe a Kelpie x German Shepherd. He has since come out of his shell although he still has a way to go but we feel that he would be best to be rehomed and bond with his new owners before he settles in to his foster home so it is not so hard for him.

He is a great dog, super friendly with other dogs and quite playful. He is friendly with people too but does take a bit more time to introduce himself. He really wants to trust you be is a little bit shy so someone that has time to gain this boys confidence will get the best of out him. He is good in the car and walks well on the lead. He is crate trained and hasn't yet made a mess inside. He will do well with another dog as they tend to give him a bit of confidence around people. He is a very gentle sweet boy.
