

Dekker

Name: Dekker
Sex: Male
Age: DOB 17.05.2016
Breed: Staffy

These four boys are looking for their forever homes, after their mother came into care while pregnant. Mum is a staffy, and the father is unknown.

All these pups are playful, and are growing up socialised around other dogs; however it is vitally important that they receive on going socialisation and training will be required.

They will not be ready to be adopted for a few weeks, but we are taking enquiries now to find them the best of homes for when they are ready to go.

They are all playful puppies and ready to become family members.

Adoption Fee: \$400

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
