

Digby

Name: Digby
Sex: Male
Age: Approx 5 months
Breed: Mixed Breed

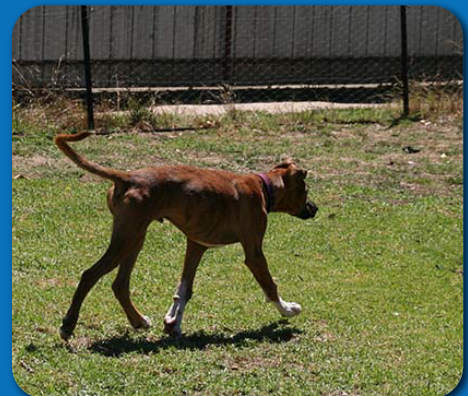

Digby is of unknown breed, but is going to be a large boy. He has very long legs, and is already of medium size and he is still quite young.

Digby is in foster care, and is living with other dogs, and also goes to doggy day care during the week. This guy loves hanging out with his canine friends, and would need another dog in his new home. He does love his humans as well and has been great with the children he has met since being in care.

We are working on his house training (he has only had one or two accidents) however he is use to a doggy door. Digby has basic manners, and can sit, shake, wait etc. He will have a bit of a bark if someone is at the door or hanging around, but other than that he is pretty quiet.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
