

Dotti

Name: Dotti
Sex: Female
Age: Approx 12 months
Breed: Great Dane x

Dotti has settled into foster care fine. She really came out of her shell after a day or 2.

She is very submissive and gets along with their other two dogs fine. I would say she would get along with pretty much any dog. Not an aggressive bone in her body.

She is very playful but also likes just lying in the sun all day!

Dotti is really good on the lead. However, still seems like she is in her puppy phase so will need some training on manners and basic commands but learns quickly.

Also would need good fencing to keep her in. Dotti isn't much of a fan of being left alone, so would love to find a companion who is around to keep her happy.

Adoption Fee: \$350
