

Gracie

Name: Gracie
Sex: Female
Age: Approx 18 months
Breed: American Bulldog

Poor Gracie has been shoved from pillar to post and sadly has ended up at the pound. She is an American bulldog and was rehomed with the promise that she would be desexed but unfortunately that didn't happen and whoever had her made her have puppies. She is now in care and is just delightful. She is beautiful with other dogs, male and female, and just loves people and cuddles. Gracie is good with kids too but is a bit boisterous at times, although she would never intentionally hurt them.

She loves to be inside and in this weather, laps up the couch and the fire, but she is happy outside sometimes. She will go out to the toilet but will be straight back to the door to come in.

She is house trained and once she is inside after her initial romp, settles down well and will sit on your knee for a cuddle (if you let her). As a young dog due to an accident, Gracie is now deaf but that doesn't stop her at all. She knows how to shake hands and knows the hand signal for sit.

She is a lovely dog and would make a great addition to a family that has time to spend with her and do training.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
