

Larry

Name: Larry
Sex: Male
Age: Approx 3 months
Breed: Staffy

This is Larry, who was surrendered to us along with his two siblings.

Larry is in foster care, and is doing really well. In his foster home he responds to "Boof".

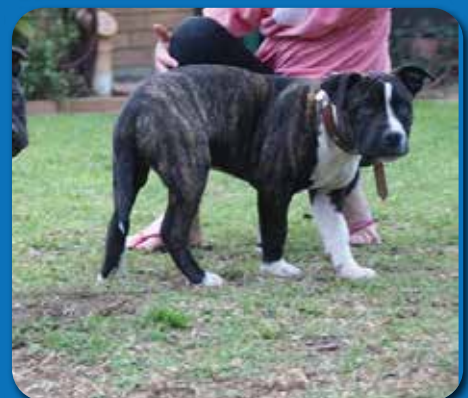

He is ready to find his forever home, and his foster carer has done a great job teaching all three the very basics to get them on their way. They come when called, and can sit and wait. They are allowed inside as part of the family, and their house training is almost complete.

They are currently living with another dog, and cats, and children, and get along with everyone well.

As with all pups, they will need on-going training, but they are very affectionate, playful happy puppies, that are looking to be someone's family member.

Adoption Fee: \$400

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
