

Luna

Name: Luna
Sex: Female
Age: Approx 2 years
Breed: Staffy x

Luna came through a local vet with a broken leg. She did her time and no one came to collect her so we had the leg fixed and now she is ready for a new home. She is a lovely friendly girl with people and other dogs. She can be quite submissive at times but generally pretty confident.

She loves her walks and her recall is pretty good but she can pull a bit on the lead. She is house trained and crate trained, great with kids but not sure about cats.

Luna has had a vet follow up after her leg healed and she still walks with a slight limp but it doesn't stop her running around like a lunatic in the mud which she loves. I don't know how many times she wasn't allowed inside after the rain as she found the biggest whole with mud and stood at the door covered from head to foot. This girl has a great personality and would suit any home that is active and prepared to give her lots of love.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
