

Marley

Name: Marley
Sex: Female
Age: 15 months
Breed: Mastiff

Beautiful Marley came into care because her owner couldn't keep her because of relationship breakdown. She is about 15mths now and when she came into care at 11mths we didn't know that she was pregnant. She is now ready for adoption. When she first arrived she was quite a nervous dog and had little confidence. She freaked out at a lot of things and was very cautious of males. She still is a little but she is a lot more confident and although wary when she meets new people, she comes around quickly.

She is great in the car and loves to go for walks. At the moment she on acreage and spends a lot of the time just hanging around. She takes a wonder down the paddock but always comes when you call her.

Marley doesn't jump fences as when she had the pups she spend some time in a yard with 3" fences and didn't even attempt to get out and she still doesn't when she is in there. She is also very much an inside dog.

She is good with other dogs but when she first meets them she can look a bit scary, but she is actually quite submissive. She doesn't like to share her food or bones with other dogs though.

Marley is just a gorgeous big puppy the just loves a pat and a cuddle and loves to lean on you. She is just a great dog. And deserves the best forever home.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
