

Miller

Name: Miller
Sex: Male
Age: Approx 11 months
Breed: Staffy

Miller is in foster care with other dogs, and gets along with all of them. Miller is learning some manners, mostly that he cannot jump with excitement when you get home, he is working on it - but he is just so happy to see you! He can sit, drop and shake hands and is learning some more tricks.

Miller is a very quiet dog, and does not bark or carry on, but he will alert back if someone walks up the driveway. Although he is likely just to hug them. Miller loves being inside as part of the family when you are home in the evening, and sleeps inside at night. But he is quite happy to be outside during the day. He would really love it if he had another brother or sister dog as a companion while you're out.

This dog is great, he is pretty easy going, and happy go lucky, and just loves being part of a family, and wants to have a family of his own.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
