

# Monti

**Name: Monti**  
**Sex: Male**  
**Age: 6 years**  
**Breed: Staffy**

This boy is such a character and so photogenic I couldn't help but take so many photos. His name is Monti and he was surrendered with his little girl friend Trouble...

His life as it was; was pretty miserable as the two of them spent their days outside in the elements with just themselves to entertain each other.

Since they have been in care though these two have blossomed. Monti is one of the happiest fellows and just a treasure. He is about 6yrs but his teeth are worn down to almost nothing. He loves his toys and is either running around with a used bone in his mouth or a toy and you can see him smiling. He is good with other dogs but around horses he barks. His recall is great and good on lead too. He loves the car. He also loves being inside and the couch!!!!

**Adoption Fee: \$350**

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
