

Monti

Name: Monti
Sex: Male
Age: Approx 12 months
Breed: Staffy

At the moment Monti is in foster with other dogs and gets on well with them but he has a tendency to be in their faces a bit which isn't a problem at the moment but some dogs don't like it.

He is a super happy little man and just loves to play with other dogs. He loves to be around people and is definitely an inside dog although he loves being outside. He is great on the lead and off lead, and will come when he is called. Great around stock, good in the car, he is good with cats and good with kids. Monti will need another dog in his new family works or he will need someone that is home. He will follow you around everywhere but if he has another playful dog he is happy to be outside running amuck. I haven't seen him dig or chew and he although he hates being crated, he is crate trained. At the moment he is on property and doesn't wonder off and if I can't see him, one whistle and he is there.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
