The stunning Mr. Murphy came into care with his sister Maggie and brother Lenny. This beautiful boy is a little shy but is very loving and loyal. He can be a little unsure of things so will need a family who can help to continue to build his confidence. He has been in care with many other dogs and gets along with all of them. He isn't a big player but will happily run around after them all without joining in too much. He is great to walk and his off lead recall is excellent. He loves the car.

He is crate trained and is good inside. He absolutely adores kids. At the moment he is in care with kids ranging from 4 years old. He loves his walk to school for drop offs and loves the attention from all the kids. Murphy would make an ideal family member with kids.

He could be a Kelpie x Border Collie but that is a mystery because he is so small.

Adoption Fee: $350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council.
