

Nikki

Name: Nikki
Sex: Female
Age: Approx 4.5 years
Breed: Staffy x

This poor dog came into the pound and we were totally unaware that she was pregnant until her time was just about up and she blew up like a balloon. She had been in the pound a couple of years ago in the same condition and she went home but this time she was abandoned, so rescue took her in and not long after she had 7 beautiful healthy puppies and what a great mum she has been.

Now it's her turn to be number one instead of being a breeding machine so we want her to go to a loving home that she deserves. She is an absolute delight. She has nurtured her babies to the end degree and protects them, but she will still let other dogs around them. She will share her dinner bowl with a lab that is also in care. She is toilet trained very gentle, great with other dogs, will go off for a wander on acres but doesn't go far.

Nikki is about 4-5 years and this is by far not her first litter but it is definitely her last. She is such a sweetheart and really deserves a loving home where she can be spoilt and loved for a change.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
