

Pixie

Name: Pixie
Sex: Female
Age: 5 years
Breed: Papillion

Please meet little Pixie who is a 5y/o, Papillion. At the moment she is in care with other dogs and gets on with them well, although not sure about cats.

When she first came in she didn't like being picked up or brushed but since she has been groomed and the knots have been removed she is very happy and will jump up on your knee for a cuddle.

Pixie is one very different dog and one very happy one but whoever adopts this little lady must be aware that she will need brushing every day and regularly visit to the groomer.

She loves her walks, is house trained and good in the car.

She doesn't really like loud noises and can be quite shy at times but in the right home she will thrive.

Adoption Fee: \$500

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
