

# Portia

**Name: Portia**  
**Sex: Female**  
**Age: Approx 6 years**  
**Breed: Staffordshire Bull Terrier**

Portia came through the pound a while ago and has been in care since.

She is around 6yrs and has been well loved but she needs to have good fences where ever she goes.

Portia loves to play chasey and loves to grab a rag or a stick and run around with it in her mouth until she gets another dog to chase her.

She is good on the lead, knows how to sit, is excellent with voice commands and responds when she is told not to do something.

She is house trained and we have been told that she has grown up with kids. Not good with livestock or cats and is pretty good with male dogs but doesn't like them in her face. She would probably best with an older couple that want a companion and are home quite a bit.

**Adoption Fee: \$350**

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
