

Sunny

Name: Sunny
Sex: Female
Age: 15 months
Breed: Mastiff x

This beautiful girl came into care with 3 of her siblings. She is 15 mths old and just a big baby. Sunny is a 40kg mastiff x puppy.

She has been in care for a little while where she has mixed with lots of other dogs and just seems to be better suited to bigger dogs. Even though she is good with little ones. Not sure about cats. She is fantastic off lead and her recall is really good. Sunny loves her walks. At the moment she is on acreage and just loves coming down the paddock to feed the horses which don't bother her.

She met a miniature pony for the first time and just sniffed it and ignored it after that. She rarely barks, she doesn't jump fences or dig and she isn't destructive. She is crate trained also. She is very gentle but will jump up on you so probably not good for little children.

Adoption Fee: \$350
