

Toga

Name: Toga

Sex: Female

Age: Approx 8 months

Breed: Mixed Breed

Toga came through the pound and has now been in care for a couple of weeks. And she is adorable. When she first came into care she was not sure how to interact with other dogs her own size but she has changed and now love to play with the other dogs although she is very much people orientated. She would prefer human company to canine company.

She loves to sit at your feet and loves cuddles. Toga will bark when she sees something she is not sure of. She is quite submissive and she is very food driven at the moment, so will be easy to train with treats. This little girl is very much an inside dog and if you put her outside to go to the toilet she thinks her throat has been cut. She spends most of her time inside but will go outside if she has to.

Toga sleeps in the laundry at night and you don't hear boo from her. She would suit a family preferably with another dog and someone that is happy to have her inside most of the time.

She is not yet toilet trained but with time and perseverance that will happen fairly quickly as she is very keen to please.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
