

Wally

Name: Wally

Sex: Male

Age: Approx 2 years

Breed: Staffy

Wally has been in care for a few months now. He loves his walks and does tend to pull on the lead a little, but is basically good. He does seem to know the commands 'sit', and 'stay'. Has not been around young children, so don't know how he would go with them. He hasn't been off the lead when out though, and could do with some recall training.

He rides well in the back of the ute (which is enclosed with a canopy) and gets along well with our other dog, Diesel. Wally is a quiet affectionate boy, and also enjoys a splash in the water shell. At the moment he is an outdoor dog, so don't really know how he would go indoors, and may need some house training. But given the chance, we are sure that Wally would like to be inside with his family.

Is friendly enough with our cat, they exchange little kisses at the doorway. But cat is inside all the time, and Wally is outside all the time.

Adoption Fee: \$350

All dogs rehomed through WDR are vet checked, desexed, microchipped, C5 vaccinated, flea treated, wormed and registered with Wodonga Council
